06.03.2017

Dear Resident,

JUBILEE PARK UNADOPTED PUBLIC OPEN SPACES

I am pleased to be able to tell you that as from *1st April 2017, Rogerstone Community Council will become responsible for the public areas of land which will not be maintained by Newport City Council. These areas of land are quite extensive and include the linear park to the perimeter of the site, the pond and water feature, any unadopted pathways along with an area of woodland. It also includes managing and maintaining the substantial flood defences.

As you will know, this is funded by an annual maintenance charge, which was set before the Community Council became involved and will be reviewed annually to take into account inflation. We will be in touch with you soon to explain the maintenance charge along with the arrangements for collecting the charge once the service begins.

The Community Council currently manage and maintain nearly 80 acres of public space in Rogerstone including the Welfare Grounds adjacent to Jubilee Park, which includes a children's play park, a trim trail, tennis courts, football pitches, a cricket pitch and a community centre. We are looking forward to extending our services to Jubilee Park and are putting in place plans to maintain the unadopted spaces so that everyone can enjoy the facilities that the development has to offer.

You can find out more about Rogerstone Community Council on our website, which is rogerstonecommunitycouncil.com and get in touch with us at rogerstonecc@gmail.com or by telephone 01633 893350.

Yours sincerely,

Colin Atyeo
Clerk to the Council

*Amended to the 3rd of April due to weekend.
